Sir:

In response to the Office Action of June 21, 2006, requiring election of claims in the above-referenced patent application, Applicant hereby elects **Group II** (claims 8-12) drawn to a bacterium, without traverse. In order to make possible rejoinder of process claims under MPEP § 821.04 in the event of allowance of the elected product claims, Applicant also hereby amends the process claims corresponding to the originally submitted process claims to include the limitations of the elected product claims herein. Applicant expressly reserves the right to file divisional application(s) on all non-elected claims, including especially the right to file divisional applications on the original process claims.
